## Title

1. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

## Information Disclosure Statement

2. The Information disclosure Statements filed on 6/19/2002 has been considered.

It is noted that the French patents have been considered to the best of the ability of the examiner without benefit of translation.

## Claims Rejection Under 35 USC - 112

4. Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

The parenthesis in the claims make the claims vague and indefinite.

Regarding claims 11 and 16, the phrase "for example" renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Application/Control Number: 10/088,005

Art Unit: 2873

Regarding claims 3 and 16, the phrase "such as" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Claims 9, 11, 14-16 the alternative expression "or" renders the claim indefinite.
